This is a newspaper, so please enjoy.

Still Working on Basement

Hannah and Daddy and Ethan are still working on the basement. We think that they will be done soon, though Hannah says it will be a very long process. Pilots are going down to investigate the mystery of the basement.

House for Wu

Hannah has made Wu-Wu-Wu Zap a comfy cardboard house. Wu-Wu-Wu Zap spends lots of his time inside it; he loves it. It has a nice room; although it is very cramped, he still loves his house. Hannah is very pleased.

New Uni Fort for Sale

There is *another* Uni fortress that is one sale, and it is in the Dining Room, on the Buffet. If you go to the parade, they will tell you where it is and how much it costs, but I do not know how much it costs, so you will have to go to the Dining Room.

Party Island is Peaceful

Party Island, also known as Insomsinia, is very peaceful. It has not declared war on any countries, especially not Ethanland or Hannahland. Under Party Island is a very nice water hideout that you can play at. It is just like a water park, except that there are rocks and you can just jump in to the ocean. People who are down there have very nice adventures; they love it.

Pixy is the ruler, and she is very kind to Wu-Wu-Wu Zap. Wu-Wu-Wu Zap is accepted on Party Island (or Insomsinia). There is a jewelry shop near Pixy's palace, but not super near. There are a lot of houses there, too, but there is not a lot of room.

Battle Rages On

There is a battle in the hallway, and the ships are coming in from the Living Room. They are doing things to defeat the Bad Guys, like:

- Laying surprise bombs,
- Making traps for them;
- And blasting them.

The battle is still raging, and we do not know whenever it will stop. We are very worried, because part of a missile crashed into the swim club.

The swim club is very worried, even though the missile has not exploded. There are just four rocks, and we do not know if it will explode all four.

Swim Club

Swim Club is a club about swimming under Party Island. The Swim Club a wonderful place, where people can swim to their hearts content! People are very happy that the swim club was invented; it was a very good idea to make a swim club. It is right under Pixy's palace, in water (though some of it is rocks). Current members are Anne, Barbie, Elsa, and Wu-Wu-Wu Zap. They meet in the morning or afternoon, never at night. At night, usually big parties are held (but not every night).
