## Party Island Exploded!

Party Island has exploded because Giant Daddy has come and cleaned it up, because of Katherine coming (as in the first picture up top). Pixy is thinking about rebuilding it, but maybe after Katherine departs to Hamburg. We think that maybe she will come back. Hannah is going on a trip to Grandpa Hennessy's, too. The one that I know — I'm Monkey, P.S.

The weather will be cloudy and sunny up to Tuesday. ☀️

## Interview with Wu

Monkey: "Why did you change good?"

Wu-Wu-Wu Zap: "Because I was defeated, and I couldn't take the battling anymore."

M: "What job will you have?"

W: "I don't know. I'm still looking for one."

M: "Would you like me to help you?"

W: "Yes, please."

M: "Well... You could work at the dentist. You could also be a restaurant employee. What are your skills?"

W: "Exploding things, destroying things... Warring."

M: "But you said you couldn't take the battling anymore!"

W: "Yes, but I am still cooling down."

M: "You could be a *cute* employee! People would pay you for your cuteness. You could work in Hannahland. They would pay you for bringing down food, too. You could work at the Binkevis Hotel."

W: "I think that I *will* work at Binkevis Hotel!"

M: "Meanwhile, you could be cute. Just a cute Uni."

W: "I guess I could."

M: "Thank you for participating in this interview. You are cute."

W: "Thank you."

## Things to Talk About

The Uni Fort is still open. The Unicorn is thinking about being good, and the assault on the kitchen is cleaned up. They are all important things to talk about. Velvet is interested, and Pixy too. Hannah is, and Anne is too.
