Wu-Wu-Wu Zap Destroying Heaven

While the Koenig family traveled to New Orleans, Wu-Wu-Wu Zap attacked Heaven.

Wu-Wu-Wu Zap has attacked Heaven, and we do not know when he will stop attacking Heaven. I say that he may stop if Pixy threatens to do something. But Pixy would never do anything to Wu-Wu-Wu Zap! Pixy loves Wu-Wu-Wu Zap.

Interview with Blue Eyes

This is the original interview; it is not a snippet.

Monkey: "How do you feel about Wu-Wu-Wu Zap destroying Heaven?"

Blue Eyes: "I'm very angry at Wu-Wu-Wu Zap, and I want to punish him."

M: "You could punish him to say 'You are cute,' 'You are cute' a bunch of times."

BE: "That is not a real punishment."

M: "How about you set a trap for him?"

BE: "Good idea... Maybe I will."

M: "Maybe you could put Velvet as the bait. Velvet would be floating above the trap, and when he steps on the trap he would be caught."

BE: "But then Wu-Wu-Wu Zap would just fly up."

M: "Think about it. Thank for participating in this interview!"

BE: "You're welcome!"

Big Battle Rages On

In a big battle (a different one), Wu-Wu-Wu Zap is still destroying Heaven. Wu-Wu-Wu Zap was good, but the Koenig family are keeping him in check, and when they left he went "bazerk". That means he went crazy.

He blew a big hole through Heaven. Heaven is not Heaven anymore, because he blew it up (although not entirely — some of it still remains). Now, the Hannahlish people are calling it "The Uni-orni". That is a term in Hannahland for "Uni Rule".

NEW TOYS ARRIVING!

At Dave & Buster's, Hannah and Ethan got new toys! This is a picture of Ethan's toys, not of Hannah's. That penguin's name is Peso, and the french fries are French Fries, and the alien is a random alien without any name. You can just call him Alien Vooma.

Peso is eager to see Hannah and Ethan's home, because he is a new toy. He wants to explore their house and see all the sights and go all the places.
