Ethanlish Troops Attack Unicorn Camp

Last night, there was a major attack on the destroyed base inhabited by the unicorn. The battle lasted all night, and at the time of writing is still going. It began the evening of April 18. It was a surprise attack, because Blue Eyes didn't want Wu-Wu-Wu Zap to try to defend himself. The progress with Wu-Wu-Wu Zap is going well, and the emperor's plan (we do not know it) sounds like it will be great.
