## *Mewnes, Minister of the Dining Room, is probably going to be voted out.*

Mewnes, Minister of the Dining Room, may be voted out because she has not maintained the province very well. She has concentrated too much of his attention on Bingo, LR, the people say. Mewnes says she wants to protect citizens of Bingo. She says that Wu-Wu-Wu Zap will not be able to lose if Mewnes doesn't come in. But Mewnes has already made plans to go back to the Dining Room because of Wu-Wu-Wu Zap's surprise attack on Moonbeam Fortress.

## Interview with Emperor Blue Eyes

Emperor Blue Eyes, who is currently in Bingo, capital of the Living Room, explains how he became emperor.

TJ: "How do you feel about Wu-Wu-Wu Zap?"

BE: "I think that he has chosen the wrong path, and can be brought over again."

TJ: "How can he be brought over again?"

BE: "Just with very good persuasion."

TJ: "How did you become emperor?"

BE: "My story is that I was a chick in the Antarctic regions. A fishing boat picked me up, and I was carried away to Ethanland, where I learned English, math, spelling, and later went into a very good college. My masters degree was politics. Then I became a general. Then, because of my good deeds, I became a commander, and then I became vice emperor and was elected emperor."

TJ: "Do you plan to go to the Living Room?"

BE: "Yes, I plan to leave soon."
