Wu-Wu-Wu Zap Has Stalemate

Wu-Wu-Wu Zap is currently trying to budge past the ETH forces, but is failing. It appears to be a stalemate! Emperor Blue Eyes is currently on the front lines: his cabin is the wooden structure on the right side of the above picture, with the giant brown cat sitting on top. The wall has been rebuilt, but weapons and ammunitions are growing scarce. We hope to repel Wu-Wu-Wu Zap from Fortress Moonbeam and keep the dining room and the living room safe.

The weather will be
rainy up until
Wednesday. 🌧️

Dollhouse to Leave Dining Room

The ETH Dollhouse will leave the Dining Room and set sail to Bingo. Tickets will be the same price as other newspapers have shown, but you will still need special permission to access Secret Island.

Dollhouse will leave Mother Coast at about 2:30pm. Passengers will board the dollhouse at 2:10pm. The comforts will be the same. The dollhouse may be delayed due to a smokestack clog; crew

from the dollhouse are fixing it currently. And if the engine starts up, the room will fill with smoke and there may be an explosion.

Wu-Wu-Wu Zap fortress is ready for sale! Buyers can now take it, although it still does cost the same amount of money. There are going to be tours of it. Its history is great: first, Bingo was just a small little Hannahlsh town, and the Wu-Wu-Wu Zap fortress was an Ethanlish base that had been attacked many times by Wu-Wu-Wu Zap. But then it was attacked by Wu-Wu-Wu Zap. Its walls gave in and its walls started to break down, overcome with vines and weeds. Wu-Wu-Wu Zap has now abandoned this place.

Emperor Blue Eyes on front lines

Emperor Blue Eyes is currently on the front lines, in a cozy little cabin doing his work. It is a dangerous position, because Wu-

Wu-Wu Zap may totally blow up the cabin. He will stay there as long as he wants to, but may be forced to return back to Bingo if the danger increases. Wu-Wu-Wu Zap has been shown to be a very fierce fighter against Ethanlish forces. We hope that Godseala recovers from her injuries and rejoins the fight against Wu-Wu-Wu Zap. We also hope that Pixy, who is

strongly neutral, will join the fight. Probably not, though, owing to his strong neutral stance.
