Wu-Wu-Wu Zap suddenly attacks!

Wu-Wu-Wu Zap has suddenly charged at *Fortress Moonbeam*! The surprise attack plan has been countered by the troops from the wall, and also our very brave giant animals: Pounce (Minister of the Living Room), Mewnes (Minister of the Dining Room and very fierce fighter), Dog (Mewnes' husband), and Scat (Strong Medal Award Winner, as mentioned in the April 20, 2023 edition).

The weather will be
sunny up until
