Pirate Ship Under Attack

The Ethanlish have aided an SOS signal from the Hallway. A ship was under attack by pirates, so they combatted the pirates on their stolen ship, the Golden Frog. The pirates have captured the frog prince and princess, and have stolen a lot of jewels. King Kong is with them, and is very hard to defeat. Currently, the helicopter and the ship are in a standoff, yanking at the ship's anchor together, trying to pull one another.

Dining Room Table Blows Up

The Dining Room table has completely blown up, because Wu-Wu-Wu Zap has done a giant explosion. He used all his magic to blow it to bits. Many troops are injured, and the doctors are struggling to keep up with the surge of patients. The Dining Room table remains in ruins, but the Battle Fortress was left unharmed.

The Dining Room is now almost completely fully in ruins, and we do not know if we will be able to build a city there. Only if we piece the Dining Room table back together will it work.

Rumors of Revolution in Zurg

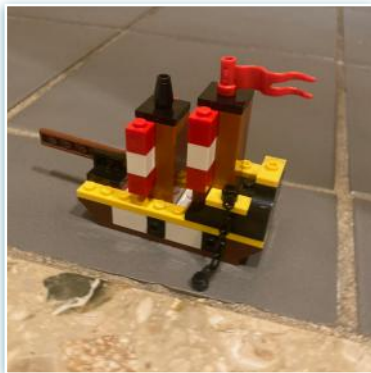

Zurg has split into two Zurgs: one attacking Ethanland (its leader, a powerful Zurg general robot) and the other attacking Griffynland (its leader, Emperor Zurg). We think that the Zurg attacking Griffynland's emperor looks much bigger to our spy plane shots than the old disappeared other Zurg. We do not know if we will be able to find the smaller Zurg and get him.

Griffynland is working on getting the other Zurg, too.

Ship Brings Supplies to Bathroom

A ship (the one that was under attack by the pirates and sent out the SOS signal) was headed for the Bathroom with supplies and more troops. It docked on the edge of the sandbag wall and it will return with passengers and things from the Bathroom to Bingo.

We do not know if it will be able to go to the pirate ship, because it seems like a Plantmania will break out, because Dionysus was flying in a dive bomber and dropped a Super Plant Seed. It may cause gigantic redwoods and sequoias and tons of other plants to grow super-fast.

Cat Named Fuzz

The cat has been named Fuzz, and is super cute. We want to teach him to not go onto the tables, and we hope that he will be against Wu-Wu-Wu Zap.

Sometimes Fuzz goes outside and takes a little walk, but sometimes he stays inside.

There is a Catopolis: it is a place for cats to have such a fun time and be babysat. There is a bakery near Catopolis, and one day King Kong accidentally went into the stove and got cooked and then ran away before the authorities showed up.
