Unicorn Fort Terror

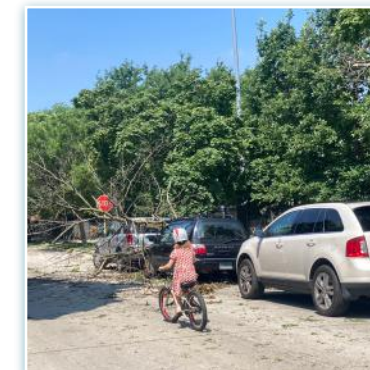

Wu-Wu-Wu Zap, famous criminal villain, is not just a famous criminal villain anymore! He has built a huge fortress with walls, a new uni-bot factory, his own room, big laser cannons everywhere, and a huge fire pit. Ethanlish forces are faring well, finally. The advanced deflector shield system on his fortress has not been breached yet. He has sent a second wave of uni-jets, uni-bombers, and uni-transport. He has also included a power generator.

The weather will be sunny up until Friday. ☀️

Tornado Terror!

For the last two nights, tornadoes have been zooming around the city of Chicago. Multiple times, people had to take shelter in the basement. Here are some photographs of toppled trees and the destruction.

Tornado strikes!

The deflector shield system requires a lot of maintenance. The mechanics shown here (H Paddington, E Paddington, Spider, Hoppy, and Mr. Goose are currently fixing the machine that is overheating. Sometimes it fails, but then, a few minutes later, they get it back online.

The bad guys that were captured recently tried to do a jailbreak, and a lot of troops were sent up there. The troops got hurt and were loaded onto Choo-Choo to go to the medical facility. Meanwhile, the bad guys are exhausted, and have stopped trying to break out.
