Wu-Wu-Wu Zap & Tiptoe Married

On February 2, 2025, Wu-Wu-Wu Zap and Tiptoe were married on the kitchen table. The area chosen for the wedding was declared neutral ground between the BGC and United Council forces. Wu-Wu-Wu Zap finds it hard to restrain himself from blasting members of the Ethanlish government. So many people attended the wedding! There was delicious food, and the

The Uni Family Tree

Wu-Wu-Wu Zap's family tree is partly known, but a document was recently discovered that gave us more members of the family. A couple of people would never have been guessed! The document was found on Party Island, in the Great Library. Pixy, the ruler of Party Island, granted other nations permission to copy the family tree.

Dining Room Battle

The battle between Ethanlish forces and Uni forces broke out in the Dining Room. The Ethanlish forces retained the area near the Sea of Coconuts, and the Uni-bots held the area near their home base, the Uni Fort. The battle is yet to be decided. Emperor Zurg was spotted going into the MABKERS building. Ethanlish troops were sent in to investigate, but with no results. The Ethanlish held a position on a mountain, and held a cannon on top of it, but at one point in the battle the cannon was blasted back and the mountain exploded. A lot of Ethanlish officials were at the battle, even though the Ethanlish didn't expect to win; it was a risk, but considered worthwhile so that they could give orders on the battlefield.

Big Marriage

Wu-Wu-Wu Zap and Tiptoe will have a baby on March 4, because Tiptoe took super-quick-baby-only-for-unicorns birth tonic. Wu-Wu-Wu Zap hopes that their baby will grow up to be a fierce, evil fighter, but Ethanland does not want another unicorn fighting them.

The MABKERS headquarters is a comfy little hideout. MABKERS stands for its members' names. It is currently located in the Dining Room, right next to the giant battle that is happening.
